NWGN is Standing Together in Solidarity - Lifting Each Other with Empathy

The current Board of Directors of the **Nepali Women's Global Network (NWGN)**, together with the entire NWGN family worldwide, is deeply saddened and heartbroken by the tragic loss of life and devastating destruction caused by the **Bhote Koshi floods in Nepal**.

NWGN-Global, NWGN Nepal, NWGN San Francisco, NWGN Los Angeles, and NWGN New England Chapters, along with our members across the country and around the world, stand united in solidarity with the people and communities affected by this tragedy.

We are profoundly saddened by reports of lives lost, families separated, homes and livelihoods destroyed, and vital infrastructure devastated by these catastrophic flash floods. We extend our deepest and most heartfelt condolences to all the families and friends who have lost loved ones. We hold the missing in our thoughts and prayers to be reunited with family.

Our hearts are with every family grieving a loss, every person searching for a missing loved one, and every community facing the difficult days ahead. May those who have lost their lives rest gently in our hearts. May those who are missing be safely reunited with their families. And may strength, hope, and healing reach every affected community.

NWGN is closely monitoring the situation and is actively discussing meaningful ways in which our organization can support efforts for those impacted by this disaster. We encourage our members, family and friends to make individual contribution directly through the Nepal government website [Donate for the Government of Nepal Prime Minister Disaster Relief Fund](#)

Nepal is in our hearts. We stand together. We stand in solidarity. 🇳🇵 ❤️
